2	"What does that actually look like, and **how long** has it been going on?"	Detail · how long
3	"What's it **costing** you: members, money, time?"	Impact · level 1 to 5
4	"What are you doing about it **now**, and if you found the **perfect fix**, what would it need to have?"	Using now · costs them · ideal fix
5	"If I built that, would you **try it for a month**?"	Would pay / switch

Bonus if there's time: "Who else should I talk to?"

Out of time? Questions 1 and 3 matter most. Then: "Can I come back for 5 minutes another day?"

3 rules

1. After each question, **stay quiet** and let them talk. 2. If an answer is vague, say "What do you mean by that?" 3. **Don't mention** reviews, Google, TRB or a price.

Straight after: log it in the CRM (+ Add a pain), the same day, using their words.
